No.: 2053/ĐL - NLTT

Hanoi, 05 December 2019

On: Request for data on number of
rooftop solar systems

To: Vietnam Electricity (EVN)

On 05 July 2019, the Ministry of Industry and Trade (MOIT) issued Decision 2023/QĐ-BCT on the approval of the National Promotion Programme for Rooftop Solar in Viet Nam for the 2019 – 2025 period.

The objective of the Programme is to support the National Strategy on Renewable Energy Development through solutions that promote the development of a rooftop solar technology market. It is targeted to have 100 thousand rooftop solar system (or equivalent to the capacity of 100 MWp) installed and in operation in the country by 2025.

Following the Decision 2023/QĐ – BCT, to serve the objective of creating and maintaining database on rooftop solar PV, supporting the monitoring, reporting and information sharing, and promote the implementation of the objectives of the programme, the Electricity and Renewable Energy Authority requests EVN to provide information and data on the status of the rooftop solar development in the country on monthly basis (before the 10th of the month) in accordance to the template Table provided in the annex of this dispatch./.
