

British Embassy
Hanoi

We are delighted to invite you to join a capacity building workshop on

Energy Efficiency for Seafood Companies in Vietnam

Friday, 13th November 2020
8.30am to 2.30pm
Palace Hotel Saigon,
66 Nguyễn Huệ, Bến Nghé, Quận 1, Thành phố Hồ Chí Minh

The British Embassy Hanoi, Carbon Trust and the Vietnam Association of Seafood Exporters and Producers (VASEP) invite you to participate in a capacity building workshop on energy efficiency.

The workshop aims to provide seafood companies with the skill set and tools to understand their company's energy consumption, develop appropriate company-specific energy performance indicators to measure current energy consumption, and identify energy savings opportunities. Participants will also be guided on using self-assessment checklists on best practice actions taken by the company and identify opportunities for improvement when they fall below best practices.

Key topics covered by the workshop include:

Understanding and Measuring Energy Usage
Reporting on Minimum Energy Performance Standards for the Seafood Sector
Energy and Cost Savings Opportunities in Seafood Processing
Introducing Energy Management Systems

This event is part of UK Government's Prosperity Fund **ASEAN Low Carbon Energy Programme (LCEP)**. LCEP is an aid programme with the aim of helping ASEAN harness the benefits from the deployment of low carbon energy by leveraging the UK's expertise in Green Finance and Energy Efficiency.

Kindly confirm your attendance to join the workshop by contacting us at **VASEP, Ms.Hièn, email: thuhien@vasep.com.vn; Mobile: 0906.076.587** before **10th November, 2020**. Should you have any questions, or would like more information on the workshop then please do not hesitate to contact the team.

Agenda

Timing	Topic
8.30am – 8.50am	Registration
8.50am – 9am	Opening remarks from VASEP
9am – 9.10am	Introduction to the ASEAN Low Carbon Energy Programme and the UK-ASEAN Energy Efficiency Accelerator
9.10am – 10.10am	<p>Understanding and Measuring Energy Usage in your Company</p> <ul style="list-style-type: none"> ▪ Key energy data to collect ▪ Measuring energy use through metering ▪ Analysing energy data ▪ Monitoring energy use and setting targets <p>Q&A Session Discussion Session (time permitting) on the challenges and opportunities faced by the participants in measuring energy use and setting targets</p>
10.10am – 10.30am	Coffee Break
10.30am – 11am	Introduction and instruction on the MEPS tool for reporting MEPS for the seafood sector according to the requirement of Circular #52/2019 of MOIT.
11am – 12pm	<p>Energy efficiency and energy cost savings opportunities in seafood processing, with specific best practice measures related to:</p> <ul style="list-style-type: none"> ▪ Refrigeration ▪ Motors and drives ▪ Compressed air ▪ Boilers and heat distribution ▪ Optimising existing processes
12pm – 1pm	Lunch Break
1pm – 2pm	<p>Introducing energy management systems</p> <ul style="list-style-type: none"> ▪ What is energy management? ▪ What is a management system? ▪ What are the key steps to implement an energy management system? <p>Interactive Activity: Participants are guided to complete a self-assessment energy management matrix</p>
2pm – 2.15pm	Next Steps: Technical Assistance offered by the UK-ASEAN Energy Efficiency Accelerator
2.15pm – 2.30pm	Closing remarks from VASEP
