

# **TWG5 – Task Force**

# **Gas Competitive Market**

## TWG5 Task Force Objectives

- Share the international experience of countries that have been successful in the field;
- Exchange ideas among different players in the groups;
- Propose recommendations to the TWG chair and co-chair that meet the need and are suitable to the present situation of Viet Nam.

# TWG5 Task Force Process/Members (1)

- The TWG will define the specific topics for ad-hoc Task Force, and
  - Establish Task Force ✓ End of June 2023: “Task Force on Gas Competitive Market”
  - Appoint focal points and members
  - Review TF reports
  - Develop the next steps, including the closure of a Task Force.
- The Task Forces will include focal points and members that are able to make a substantial contribution
- Officials/experts from other government agencies and institutions in other sectors, non-state actors can be invited to the Task Forces
- Task Force will develop specific deliverables for the TWG

## TWG5 Task Force Process/Members (2)

- OGCD/PVGas representative will be nominated as the TF leader
- TF leader will invite members and determine the time frame, work plan and deliverables and seek financial support and contribution from donors and/or members.
- Details of TF operation, including the number of meetings, format, and location are discussed here for inputs
- VEPG Secretariat and TWG5 does not have any budget allowance for TF meetings
- VEPG Secretariat will support TF in consultation and coordination with TF members and the TWG5 chair and co-chair

# Competitive Gas On-going Actions

- Revising relevant Law (Petroleum Law, Price Law...) and other legal framework (Decision 2233/QD-TTg)
  - Finalize gas market-related regulations
  - Distribution charges, tariffs, trading options in gas market
- Suggestion on Gas Regulator activities
  - Ensure fairness, transparency, non-discrimination for all gas participants
- Suggestion on regulations on LNG trading and pricing

## **Other issues**

- Updating electricity competitive market regulations to support gas competitive market TF
